The remarkable success of the paper a the past, as manifested by its large and steadily growing subscription list, its increasing advertising patronage and the expressions of goodwill towards the journal which greet us rom all quarters, convinces the pub-shers that they are doing what they set out to do—namely, furnish a newspaper that the people would like, and therefore support. The Herain, as in the past, will be the people's paper. Independent in a political sense, it will always be found on the side of the people, outspoken on questions affecting the rights of the masses, battling for, local self-encare. masses; battling for local self-govern-ment and the largest liberty to individuals consistent with public good; laboring for a pure, honest and eco-nomic administration of government; treating public matters dispassion-ately and employing language calculated to enlighten the reason of men-rather than influence their passions, and working for peace and the development of the resources of the ter-ritory, lustend of trying to create strife and retard progress. With our in-creased incilities for gathering news, oth by telegraph and mail, the em-loyment of a larger number of cor-espondents in different sections of the country, and the better arrange-ment of all the many details of the establishment, we confidently premise to make the SALT LAKE DAILY HERALD a better paper than ever.
